## TERM 4 2016 – WEEK 8

### *Busy end to the term!*

The next three weeks are extremely busy with excursions, sporting events, intensive swimming programs, VET assessment days and whole school reward days. This means that students will be very busy until the end of the term. This also means permission notes need to be brought in for these events where required. If parents could please check their child's bag for permission notes and ensure that they are returned by the scheduled due date to ensure smooth organisation of these events over the coming weeks it would be much appreciated.

### *Professional Learning*

Friday last week staff that will be delivering courses across Access participated in training with Virginia Cluff from Dunedoo Central School who is a Google App Education Specialist. Staff examined pedagogy in both the synchronous and asynchronous modes. Virginia introduced staff to the Office365 suite which all students and staff have access to as they are part of the Department of Education. If students have BYOD devices that they would like this installed on if they are intending to use them for school work at home and school, they can see Miss Shankelton who can install this for them. Staff have some great resources from this day and this will also benefit students from Years 7-10 as well as Year 11 and 12.

## SECONDARY NEWS

### *Year 6 to 7 Transition Program*

Year 6 to 7 Transition Program will commence with the postponed parent afternoon on Thursday 1<sup>st</sup> December. This information afternoon will start at 3:30pm and go for approximately an hour. This will lead in to the transition days that will be held in Week 9. Students will be spending two full days in secondary to follow a secondary routine. Information about these days will be distributed at the transition afternoon which will outline the timetable for the two days and list student requirements.

### *Science and Engineering Challenge 2017*

Students in Year 8 and Year 9 2016 will be asked to nominate if they wish to attend the Science and Engineering Challenge next year. We will be taking a maximum of 10 students as we will be combining with Tottenham and Trundle for the 3T's Team to form a team of 30. If students have an interest in science and problem solving they need to see Miss Shankelton by Monday Week 10 to have their name included on the team list. This is really great day and the National Championships are being held in Dubbo, which means that there is a chance for a wildcard entry if our team is not in the first two positions. So all our budding scientists need to ensure they secure their position on the team and must be committed to some lunch time training sessions prior to the challenge.

### *School Supplies for 2017*

In this school newsletter there will be a list of book requirements for all students 7-10 for 2017. They will be emailed as separate sheets so that they can be printed off for a back to school shopping list.

Stage 6 students should have a folder (A4 Lever Arch) for each subject that they are studying plus all required pens, pencils, rulers etc.

Please ensure that students have all of their required materials for when school commences in February 2017.

Have a great week!

It has been wonderful to see so many students making use of the Library. The hotter weather has finally arrived and the Library is a great place to come and cool off. The computers are proving to be very popular.

This week's G rated movie is Shrek the Halls!

As the end of term is fast approaching this will be the last week students can borrow from the library.

We have been so happy to see the amount of students borrowing this year and making use of the Wish List which has been extremely popular. We now have lots of lovely new books in the library that are being borrowed regularly by the students.

#### *Reminders*

Students with outstanding loans are asked to return books by the end of Week 9.

If books have been misplaced or damaged please let us know so arrangements can be made to have these replaced.

Have a wonderful week everyone!!!!

We look forward to seeing you in our Lovely Library☺

Belinda Lindsay and Julie Porter.
