THANK YOU GRANDFRIENDS

TOWNSVILLE FLOOD FUNDRAISER

Our school received donations and supplies from schools and communities throughout last year during the drought. We know that this had a great impact on our student and community well-being, so we want to do the same for Townsville. Many Townsville schools were affected by the recent flooding, some schools closed for days and their resources were ruined. This fundraiser will help a school in some small way to rebuild from this disaster.

Attached with this week’s newsletter are tickets in a wood raffle. A huge thank you to Tallis Stevenson for donating the load of wood. Tickets are \$2 each, using both sides of the book. Please ensure name and contact number are on the ticket. Sold tickets and money can be returned to the office. Raffle drawn 3rd May.

SECONDARY NEWS

Welcome to Week 9.

Last week was another busy week for our students. Over the last week I have been looking at student books across a variety of subject areas, and it is pleasing to see that many of our students are taking pride in their work and ensuring that their books are neat and organised. Some students however need to ensure that for next term that they make their book work a priority for improvement. Books should be kept organised as it makes it easier to study come examinations in term 4. If students are absent, they need to ensure that they catch up missed work so that their continuity of learning is maintained.

Mobile Phones and other Technology

Students are reminded that they need to be using technology responsibly. If students are bringing smart phone devices to school, they are to be switched off or on silent and stored in their bags. Students should avoid using them between classes. They are only to be used in class when they are part of a learning activity. If parents need to contact their child they can do this by contacting the office, who will then relay the message to the student.

Students are encouraged to wear their correct shoes to school and bring their joggers for when they have PE. For students studying Agriculture and Primary Industries in stage 4 – 6 students need to ensure that they also have a hat for practical lessons.

Science and Engineering Challenge

Students have been issued their notes today and they need to ensure that notes and money are returned by the due date to the front office.

STAGE 4 VISUAL ART

TERM 1 2019 – WEEK 9 GRANDFRIENDS ASSEMBLY AND MORNING TEA

This term has gone by so quickly with students in stage 4 working hard on their Waste to Art projects, using baling twine and strapping. **Thank you** to all those who donated the twine and strapping, it was very much appreciated. We are currently working on making prints using foam and lino. The students are very keen to start printing and then framing their finished artwork ready for the upcoming show.

The library has been full of activity again this week! It is great to see so many students visiting at lunch and borrowing/returning books regularly. The Premier's Reading Challenge continues and many students are getting their book logs filled in. We have some students from 3/4 who have already finished the challenge which is a wonderful achievement!

As the end of term approaches, we will be handing out overdue notices so students can return these books and borrow for the holidays and next term. If you happen to see any library books at home, please send them in to school.

Reminders

- * The Library is a drink and food free zone.
- * Please bring a library bag when you borrow to help protect the books from being damaged.
- * If you know a book has gone missing or been damaged, please let us know so we can organise a replacement.
- * The library is open at lunch on Mondays, Tuesdays, Wednesdays and Thursdays.

Have a lovely week ☺
